Discover the advantages of Pay@ for you and your customers.

Pay@ simplifies bill payments with a diverse range of methods, tailored to customer preferences. Below, we'll delve into the seamless smartphone app customer experience.

Pay bills, one of two ways.

To initiate a payment, the customer can:

Open a banking or

payment app.

Select 'bills'

Then choose the biller they

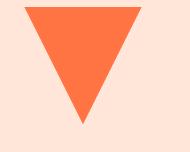

want to pay or type in the

Pay@ reference number.

Respond to an invoice by going to the pay@ payment page, select the preferred app, or scan the QR code.

This will direct the customer to a unique payment page

Then, confirm details and click submit.

Benefits

Our continued commitment to offering extensive payment options adds immense value to your brand. With pay@, you're keeping customers happy with;

Variety.

By offering a range of payment options, you give your customers choice and convenience; which in turn, drives brand loyalty.

Convenience
